Dear Anna

I suppose as I am writing
this you will be at Toronto, or perhaps
will have returned. I will anxiously
await the arrival of your photograph.
was it you who sent me a book
called "Haunted Hearts" It is very
interesting, I have wasted all my time

for the last few days. Thank
goodness it is finished now, & no
singer haunts my mind.

The ground is covered thickly with
snow now & we have had cold weather
since I wrote last. & lots of skating on
the parks.

With love to yourself &

all at home
Your affectionate brother
George.
