My dear Anna,

I fear you will
think we long in writing
to congratulate you on the safe
arrival of your little daughter
news which we have had
for some time. I hope all
continues to go well, & before
very long to see the stranger.
We hope to leave here for
Paris day after tomorrow

(2)

Ellen Kemp who is staying
here with friends, is to go
with us, & stay a few days
in Paris, this will doubtless
add to our enjoyment.

I think it likely we will give
up Ameyne & go the
'regular Swiss round'. for
I am sure we will be

heartily tired of travelling
before we get home again.
One does not seem to have
time to do anything, but

make arrangements & rush
 about to places, which are generally
 quite numerous here when got to.
 Yesterday we spent hours in the
 South Kensington Museum, &
 all one has to show for it is
 a sort of night - more vision
 of medals, porcelains, statues,
 pictures & stairs. We went
 last night to Madame Tassand's
 which I've seemed to enjoy.
 This morning I am going
 into the City to make money

4
arrangements for the
Continent, while E. is on the
way to pay a visit to Kls.

(I have not seen Dr Beyer
yet though I believe he is in
town, & must try to call on
him this afternoon or tomorrow
With kind regards to Bernard
Believe me

Your long brother
George
