1882

My dear Anna.

Thanks for yours

received a few days ago,  
but please don't send me  
any more of what you call  
'Chit-Chat' at least not of the  
same kind. I have another  
name for it. The weather here  
contains very few, which is  
about all the news I have to tell.  
I am reading for the first time  
Dumas's story Monte Christo, &  
it is certainly a very well  
put together one of its kind.

I had a card asking me to dinner at Gork's home yesterday evening, but as I had already accepted an invitation to Mrs. Russell's, & the note was so short I was obliged to decline. It never rains but it pours, for I was at home every evg. this week but last & for that had three invitations of one kind or other. I had a short note from Eva a day or two ago.

She seems to be enjoying herself in Toronto.

Yours affectionately  
George

I think I shall be able to get away from work here in time to sail for the Continent about the first of May, or not later at least.
