Little Notes
Saturday

June 30/74

Dear Anna,

See inside

I send you ^{Wrens} Mom's
letter, in case you
need this keep.

We are getting settled
here and I hope next
week will see us in running
order. Doty is well and
kicks us, playing on the floor
with Ruth and little
taps, while his nurse visits
and attends to other things. We
are arranging for a two-week
carnage for your children
& Florence's. The weather
has been changeable and
broken; my boat and the
punt have been so leaky
that they could not be used.
Carroll has overhauled them
and if the weather becomes
settled we hope to have use
of them. Love to you, and both
but blessings to both.
