Dearest Susan

Many thanks for yours
of 28th - which I received on the
first. My thoughts are
constantly with you &
beloved ones. The heat is
here, like ever where
very great & I suppose
you are cooler where you
are. But Oh, one look of
you, how I should like
to amuse dearest Eric &
I think he would let me.
I am so very glad you
think your new babe
will soon come out. I thought
much what I could do &
just came to the assist
of writing to Mr Hope

As when your letter came
Dearest, would you like
me to send a paper,
Do you get the "Times"?
I should be so very
glad if there is any
thing for me to do!
I came on Wednesday
in pouring rain &
an excursion on board
dancing & music.
We did not arrive
until near six,
but I escaped troubles
except knee. But
that is nothing
Mary is such a comfort,
she is quiet, clean,
