Dear Mother

I am going
to try to write you a
short letter. Aunt Loria
came down to day to
spend the evening with
us and Aunt I was
down yesterday.
Aunt I is going to give
Aunt and I a collection
of crests to help us on
with our own one.

~~At~~ There was a fire
in the center building
of McGill and all the
reels and ladders and
engines were up at
the fire in 3 minutes.
The fire was under
the big clock how it
happened was this
the gas pipes burst
and one of the men
smelt it and took
a light to see what
it was and it caught
fire and the students
rang the alarm
and then the Reels
came up ^{very} quickly.
