Little Mexico
June 25/895

I intended
writing yesterday
but the mail time
passed without
me noticing. We had
a very cool pleasant
journey down, they
drive from the
station was not very
enjoyable as the
roads were very

bad. The children all
look very well, Lois
is getting too stout
for beauty, but I
suppose not for
health. Bernard
looks like a regular
"Jack-Lar", as solid
as can be. Eva
is very well, and
rosy, but so par-
ticular and cranky.
She won't eat this,
or that so much
etc. Popsy is as
merry & as well

as can be. I think
the cook seems
very nice, she knows
nothing at all about
setting the label, but
as Miss Baber seems
to think it all
right I do not say
anything. Miss B. seems
to like being at the
head this year, so
I did not say
anything about the
cook, she ^(Miss B.) sits at
the head of the

Label and pours
of others tea for
him etc. It seems
as if it is a little
more my place to
attend to my father
but after all if
she enjoys it, I
am only too glad
to let her. I do so.
Hope Conrads fever is
lessening, and that
Dr. B. hopes to let him
come down soon.
I have no bathing-dress
could you send me
some of that white
