More trouble

Dear Anna - Conrad ill?

We arrived
here all well Friday
day and spent
the afternoon on
the Lumber train
looking at a place
where I learned
much of the geology
We were tumbling
We are well and
away for the

welfare of your
Crown and the
little ones and
for Remond's journey
& debts, Mamma
reproaches herself for
leaving you but I
hope she will return
better able to help
we shall not remain
later than Thursday
& hope to be home

at home in that
day,

Love to all
and may God
grant success of the
venture in all
present troubles

Over yours
Grandpapa
