Aug. 10. 99

My dear Anna,

I am returning
enclosed the two letters from
Clare that you so kindly
sent me a few days ago.

Parliament you will observe
continues to sit continues to
sit, but there are probabilities
that it will wind up this
week - perhaps Saturday.

Possibly next week I may be
able to get away for a few

days, but I really cannot be
sure there are so many
things needing attention.

The weather keeps almost
unpleasantly cool as a rule,
although now & then we
get a few warmer days.

There has really been no
continued heat worth
mentioning this summer so
far.

I hope you all continue
well & may not be frozen
out! Yours
Geo. J. Gray
