My dear Anna,

I am enclosing
a letter for Walter, who may
not have had time to change
instructions about forwarding
her letters to Metis. Please give
it to her. In it I send
a letter recd. yesterday evg.
from Rankine which seems
to show that he has quite
misunderstood my views
at least about the biography

a is proceeding to make
 independent arrangements
 for getting it printed at
 once just as it is. This
 in my opinion should not
 be done, but please consult
 with Mother about it, as I
 have written to her somewhat
 more fully. If she does not
 want to interfere I wish
 at least to dissociate
 myself from the project &
 must do so by Cable in

order not to let it go to far.
 I fear that this question arising at this
 moment may worry Mother who will
 have many other things to look after,
 but it must either be attended to
 at once or let go & in ~~any~~ ^{the latter} case
 I must express my disagreement. I am
 not satisfied yet that we have done

the best under the circumstances with
 the MS & think that we should all
 be satisfied about this before going
 further

Yours in love
 Georg
