Dear Mrs Harrington,

wish many others had  
your facile way of describing  
the features of a neuritic  
man. I have rarely read  
a more accurate & critical  
sketch than you have  
given. I will do what I  
can for him. & will  
write you fully. What a  
terrible blow to poor Jack

a brother as George! For  
few men had I such  
a deep esteem.

Give your good man &  
the children my sincere  
regards.

Sincerely yours

W Osler
