Dear Mrs. Harrington,

It was only this week that I heard with sorrow of the death of Dr. Harrington. My wife & I wish to send you our sincere sympathy in your great bereavement. I always held your late husband in the highest esteem and I truly deplore his death. It leaves a great blank in his wide circle of friends and is an irretrievable loss to McGill.

I hope you and your children are well & bearing up bravely under your affliction. With kindest regards from Mrs. Bell & myself, believe me

Very sincerely yours
Phoebe Bell
