Dear Mr^s Harrington,

We were grieved to hear from Mr^s Dawson of the great loss that has fallen upon you, and indeed upon all who knew Dr. Harrington. We had heard only that he had been ill, but had no idea that you were anxious about him. I can hardly bring myself to believe that he has gone, he was always so full of life and energy.

I shall always remember meeting him for the first time at Melis in 1890, and being so attracted by his charm of character. He was indeed a good friend to me, and I used to regard him as a model and example of all that a Professor ought to be, in keenness for his work and sympathetic interest for the students. There must be men in all parts of

the country who mourn his
loss with you: May you
have strength given to you
to bear it by Him in whom
we have assurance of future
reunion. Please accept the
expression of our heartfelt
sympathy.

Yours sincerely
