Dear Mr Harrington

I hesitate to intrude myself upon you in this your hour of deep sorrow and bereavement, but I desire to express to you my deep sympathy for yourself and family and my sense of great personal loss. I from my first entrance as a student of the University, twenty-one years ago, Dr Harrington became a friend and Counsellor and with some passing years I grew to appreciate and love him more. And what I say for myself I can say for the back body of students who have gone

out from the University. As I
have gone through the country
meeting the graduates, I have heard
no name spoken with greater
affection and esteem. His life was
in many respects a model to us all.

Mrs Torrey joins me in the
expression of sympathy to yourself
and family

Sincerely Yours
H. M. Torrey
