My dear Mr. Harrington

At the risk of intruding  
on your sorrow, I can not  
help telling you, especially  
today, how greatly I feel  
for & sympathize with  
you.

W. Harrington

Kindly nature endeared

him to every one, and I  
with many others will  
deeply mourn our loss.

Although these separations  
are only temporary, still  
the wrench is hard.

Our dear ones only "become  
wise" before us. -

With love & deepest  
sympathy for yourself  
& your family - I am
