Tuesday -

Dearest Brother,

Grandmama had a pretty good night & seemed to me much more comfortable today. She said herself "I have not nearly so much pain now". She finds it difficult to remember where she is, but seems quite satisfied when you tell her "in the R. V. Hospital". She gets confused about quite a

few things, but always  
knows me, + seems glad  
to see me. Dr Shepherd  
came in again this morn-  
ing, + he thought she  
was doing very well,  
looked at her chart +  
said it was good - I  
did not see the other  
doctors as they had  
not come to do the  
dressing, when I left  
at 12. But I has  
gone up this afternoon

To see if they had any-  
thing more to say -

We are really having  
perfect days now,  
it is so lovely to  
have the Sun again,  
we just delight in the  
verandah - Sijni  
has given the Palace  
a thorough cleaning  
& it looks beautiful.  
Mrs Johnson brought us  
a lot of that Solomon  
Seal & it does look

So well against the pale  
yellow walls. In <sup>the</sup>  
morning paid us quite  
a long visit last night.

Mr. H. P. Pherson says that  
we cannot take that cheque  
of ~~work~~ without work & no  
signature + that I had  
better mail it to him  
to endorse - registered of  
course -

With much love to  
father - From Clare
