

Made to order would
be \$14.00. The only
thing ready made are
the 2 piece Suits, long
trousers \$10. + \$12. So
you think I should
order him one. There
a straw hat for Bill, +
boots. Has he any
summer stockings?
I got his shirts alright
+ cut the sleeves off -
I wish I could do all
these things without
troubling you, but it

Seems impossible - Then
Lois + Eva seem to have
numerous little wants
before going off for the
summer...

Grandmother
is going on well - She
looked more tired today
as she had the dressing
done - The wound is
in good condition, but
the tube still is, as
pus continues to come
away - Ed. is quite
herself again + wanted
to know about everybody
father + you especially - She

seems to cling to me so
much, & sometimes begs
of me not to leave her,
& always asks for me
if I am not there, so
it will be hard for me
to leave, but I will
try & go to Olive for
a few days next week.
I might have tried for
Sunday but Monday I
would have had to come
in for the wedding -
I think I will really
enjoy being here when
the family get off & I

just have I. M. for I
love to be with her, &
it is not at all dis-
tressing now, & the
Hospital is cool & quiet.

I. M. enjoyed some
lilacs I look up for
her today - Did
Mum tell you about
the 1/2 doz. right gown
Geo. M. is having made
for her?

Much love from Clara
