

SOUTH NYACK
NEW YORK

Sunday, Feb. 2nd.

Dear Mrs. Harrington,

Your letter was the first intimation which I had received of the loss incurred by yourself + your family, by the University, + by the scientific world at large,

with all those scattered ones
who had the privilege of
personal acquaintance with
Dr. Harrington.

It is needless to say that
I am deeply grieved & desire
to express my most heartfelt
sympathy with you in your
affliction.

Reverence & affection were
universally inspired by him
among the students to an
uncommon degree & his
personal influence will be felt
among us for years yet to
come.

With kindest regards to your
daughters & yourself, believe me
to remain, yours most sincerely,

A. W. Archer.
