Dr. Frank B. Adams,  
McGill University,  
Montreal, Can.

Thanks -  
no need reply  
return check - Montreal

Dear Dr. Adams:

I have received your letter, signed also by Mr. E. H. Hamilton and I must thank you for the opportunity you have given me of subscribing to this fund.

The death of Dr. Harrington was a great loss to the University as, aside from his scholarly attainments, he did a great work in creating and maintaining a loyal university spirit in both undergraduates and graduates. He was the only connecting link between many of the old graduates and their Alma Mater and I feel sure that you will have no difficulty in raising the required sum.

I enclose draft for ten dollars, ( $\$10 \frac{00}{100}$ ) as a subscription towards the fund and I trust that, if you have any shortage, that you will call on me for more.

I will forward your letter to Robert Musgrave, Mining '03 in case you should not have his address

Yours very truly  
W. G. McBride
