Dear Dr. Adams:

In response to your letter of some days ago, I have much pleasure in enclosing check for \$10 as my subscription to the proposed memorial to Dr. Harrington.

I am sure that your efforts will meet with a cordial response from the graduates in mining and chemistry, by whom Dr. Harrington was always considered as much a friend as a teacher. If, however, you should find later on that the subscriptions received are not sufficient to cover the cost of the portrait, I shall be glad to give you such further assistance as you may think necessary.

Very truly yours,

Francis G. Wickwall.

Associate Editor.
