

32 Hampton Lane
Feb. 18th 1908.

My dear Mrs. Hallington,

Please do not think me
careless for not answering
your two notes before now.

I have long thought that I
would not send you any
account for my services to
your late husband, and this
feeling has grown as time
went by. I would much
prefer you to accept them
as a tribute of friendship
and admiration for a very fine

character. Dr Harrington bore
his long & trying illness so
uncomplainingly, so steadfastly,
even so cheerfully, that it
was a moral tonic to attend
him, and a lesson that I
shall not forget.

With very kind regards,
believe me,

Very sincerely yours,

Wm Latham
