

letter for
 Clara - full of
 bits of interest

Saturday
 afternoon.

My dear Mr. Other,

North & I
 have just returned
 from having a long
 walk all around the
 mountain, with
 father. It has really
 been cold today and
 yesterday, especially
 today. Thursday was
 a half holiday, and we
 had one on Friday
 so, we have not yet

Lover's a Poppie's cold
has departed -
You Laying Packing &
Provision Co., will not
run a bill every-
thing has to be
paid for food, it is
such a bother to have
to have money every
time, I feel like
going somewhere
else, but will wait
to hear what you
think best. My wife
is, I think really
leaving next Saturday
for Brussels after-all
her mother is going

with her. Mrs Wiley
was just leaving
town & was dread-
fully busy, she
said she could
not make my shirt
under any conditions.
at first I did not
know what to do,
it is such a
long way, to Mrs
Carroll, and then
I heard she was
very busy, so it
is being made at
Perogies, I got a
remnant of serge,
there, it is a little
more than was

needed, but on
counting up I found
that itⁿ would be
cheaper to take it
all, as being a
remnantⁿ it was
reduced, than it
would be to buy.
So just the quantity
I am sure I hope
you will think
it is good serge,
I think it is,
The girl who was
to make it said
it was beautiful
serge, & seemed
pleased at being
given such nice

material. She is
making it at two
days notice, & will
charge \$1.25. Today
I telephoned for
the marketing di-
rectly after break-
fast, & they never
sent it till after
five this evening,
I telephoned twice
during the day
to make them
hurry, & tried to
speak very crossly
& thought I had
succeeded, but
Mellie told me

That it sounded
as if I was trying
to be cross, and
That it did not
come from my
heart. We had
bacon & eggs for
dinner, & are
going to have
meat for tea
tonight — Math still
has English history,
but I have Canadian
by W. J. Robertson B.A.,
F.R.S., it was not
quite all the in-
formation in it
That Miss Hendrie

would like, so we
take notes. Prof. Poovey
was telling Father
that he had received
a most comical
letter from Wilfred,
saying amongst
other things that
his nose was very
much put out of
joint, but that the
bone had not yet
penetrated into his
brain - There is
an exhibition now
going on, & Father
heard that it was
very poor, that half
the things they had
advertised were
not there.

Your little Peases are
longing for Conrad
& Bernard to come
home, Mather saw
them today running
round dressed as
wild Indians.

Mrs Baber came
up & saw us last
night she is going
today to a Mrs
Mills, I think on
Sherbrooke St. She
will be a residence
governess, & will
have one little
boy to look after.
Grandpapa came
in to tea last

night. I suppose
you will not
stay much longer
at Ordis if the
weather is not
good, but I hope
it will be. Does
Coorad ~~ask~~ still
take an interest
in his bicycle, I
saw a perfectly
tremendously stout
woman riding one
today, she had on
quite short skirts
with long pailers,
she did not look
at all nice on

a bicycle - ask
Conrad to write
to me, if he has
time, & tell me
all about the
numerously few
things that now
happen at D. S. S.
Tell him that I
will excuse spelling
ect. We have
not made any
jam yet, & I like
large that fruit
is very dear
this year, but

Bridget will
make some plum
before it gets
so dear. Father
is waiting for
my letter to
post - With
much much

love to all -

Your loving
daughter

Clare
