

Thanks for brochures of
your brother - We are
sending these to Mr Hunter N.Y.
who this summer made a
3 months trip into the Green
Lake country as a result of
having become interested in
it through reading the
geological reports of your
brothers expedition of 1887

You may be interested in
hearing that Mr Hunter told
us that many of the old
Indians remembered your
brother very well, speaking
to Mr H. of him as the
great geologist - Mr H -
also told us that in spite
of the fact that de dad

2 good men + a motor
in his canoe, he was
wable to equal the
travelled time made by
your brother -

You will also be interested
to know that Mr H. has
made a contract with
the Hudson Bay Company
to renew with ~~the~~
the Post set in the Liard
Canyon near the former
B.C. Boundary by your
brother in 1887 -
He - George Mercer Dawson

Letter copied
by: Clare Harrington
written to her mother
(Anna Lois) with
reference to her
brother George Mercer
Dawson.
