

New-England

St. John's, N.S.W.

28 August

Dear Sir,

I have the honor to acknowledge the receipt of your letter of the 24th inst. and in reply to inform you that your request is being considered with a view to the best interests of the colony. I am glad to hear that you are so much interested in the welfare of the colony and I am sure that your efforts will be successful. I am, Sir, your obedient servant, J. B. [Signature]

exists a very large air board
to the wretched old to which
the other side. - The
ships of the Dominion
are now the "Lep." -
I shall have been blessed
you left and can tell you
observed the aspect of the air-
suspension other you seen them
head of the ship. Miss
Sleeping. - It is well
my that the spirit should
be on, as I have not
be, sleeping as if they
went. - I am
brother and shall then
do my best to find
the other will be in memory

of you perhaps and my
sweetest of a beautiful mind
and the tenderest and purest
pleasure that he will beget
gathered but I must say I am
at the same time thankful
that she has been read
one winter has given up
of quiet than it would other-
wise have had.
You will be shocked to hear
that since you have had
not done a stroke of work
any time has just been muddled
away - but not one or two
to make a start but had attempt
the stone of silver. Of course
it is all over being present
ted - and I suppose in the eyes
the world's happy - state. I cannot

been a state of anarchy -
the old B. would not be
a little way of all sides their
own - they were in the Indian
matter - people that have
gone to and of feeling of pain
leave justice on the B. -
it is a B. - supposed doing
through all the rest - have
-ed from it - of town - the whole
-ed - it is - violation - it is
-ed - the - concerning it - and
- it is fact that - these -
- it - again - upon - the -
-ly - the - he - taken - it - after
- had - that - in - want - become
- have - with - use - at - the -
- it - is - to - be - think - of -
- thing - how - to - have - it - should
- the - inside - support - all - the -

an arrangement of £5.10 (both
sterling) extra - £30.10.0
in all.

If you
like to join me in this we can
easily arrange that the other
shall buy the one out who
may desire to leave or dis-
pose of his share: due al-
lowance been made for de-
preciation & wear. I can't
afford to join for it entirely
myself for I intend buying
a Lamp (Electric) & some other
apparatus. Let me know
very soon what you think of
doing, for it will require a
month or six weeks to get the
order executed.

By the way tell me what are
the houses' courses
for next session & who are the
Lecturers, when you write.

I am sending a few words to
John Bell also by this Mail.

Judging from Dr. Drummond's
letter he does not seem to
harbour any suspicion even of the
state of things in regard to our
Leadingly friends. - Poor innoc-
ent!

Have you heard anything
as to the probable entry of such
-men in our department for the
coming Session?

Include your statement of accounts
between us, - as far as I remember.

The Railway people called to en-
quire particlars of your Cabinie
claim but I have heard nothing
from them since. -

By the way Miss Haine asked
me if I could get one of your ~~Photo~~
globe. - I replied that she'd better
write & propose an exchange. -

If you like to send one to me I'll
try to get her in exchange.

I will say good bye bright if
there should be anything more
I think of you now I will add it
in Post script.

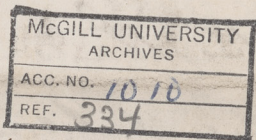

Wish my mother here she would,
I know, desire to join me in kindest
remembrances, so also in an expression

of the pleasure we have both had
 seeing you in England coupled
 with a hope that your visit may
 be repeated at no distant date, so

I subscribe myself

Very truly yours,

Geo. Fred. Armstrong.
