July 20/81

My dearest B -

Vapa leaves on  
Thursday & I think mamma  
will go too Vapa says about  
a week - Will you dear also  
get me a copy of the new version  
larger than the one I had, & I  
we prefer it - with the lines  
across the page not in 2 columns  
I am going to give mine away -  
Do you think you could get me  
a nice little french book, not  
a testament but something of  
a story kind, but religious - We  
have so much of that sort in  
English, but I do not know if it  
is obtainable in french - It is for  
a lame girl down here, a young  
woman not a child -  
Do not send hers & the books her  
but leave tooley - Mrs H. in the parlor

I must go & see per

Lovingly yr - Anna -
