Dearest-Bernard-

Just a line  
to let you know that  
all goes well at Wallbrae  
Last-night-I went-over  
to Carpy's & had a very  
pleasant-little evening  
with her. This morning  
I paid Mr Howells a  
visit, not exactly from  
curiosity, but-to ask him  
if he wd call & see  
Carpy- who has still in  
his possession a duplicate  
collection of Dr L's shells  
& is anxious to dispose  
of them -  
The very truly Yours  
Duggan

grains apace, it is a  
most repulsive looking  
brute - I think <sup>puppy</sup>

I am to go to  
Beers tomorrow, &  
spent a good part  
of the morning sewing  
in the garden, while  
Edith played round.

I have seen  
nobody, & heard nothing  
no proof for you so far  
Two letters I sent on  
& have written a good  
many needless letters.

Dearest - love, I hope  
you will find a great  
deal of pleasure in  
your excursion, &  
go to Aruprior & St. A's  
before you come back.

If otherwise has not - would you  
be present, I wish to see you &  
in the way they be a basket of  
eggs - they are just here cut. really  
is rather too much. at this time

I fear - but I must see over I  
may need to go to a. point. How  
thing? with all love?  
Yours  
Anna
