

S. Dowd,
 from me, R. S. O.

19 June 1886.

My dear Huntington,

We have been su-
 pecting tidings of you
 early. - What has hap-
 pened to you? -

The Eng^l Chair at
 Toronto (the University)
 is just vacant, and
 I am going in for it.
 The Cover appoints; - that
 means the President & Minister

L^d Salisbury. If you
come across any one likely
to have influence ^{however}
just, in the propagation,
either with the friends
or of Binbro, don't forget
to say a word for me:-
there's a good fellow. I
may have to ask you
for a testimonial but I
am not yet quite clear
whether that will be necessary.
I wish Sir W. D. was over

See just now - Thro' him
the oracle could ^{have} been
well worked.

Kindly send me Clark
Murray's address, he
no doubt will know some
one who may be useful;
& I'm not disposed to
leave a single stone un-
turned. If you should
meet Lord Lome at
tea when you get to London,
let the sort of man be off.
