

Little Butte
Jy 29th
1888

Dearest B -

I am greatly
annoyed to find that
you have still on Jy 22nd
received none of our letters
I am sorry that I did
not send them on to Banff
directly as I was much
inclined to do - Either the
Winnipeg P.O., or Scart's
agent - must be much to
blame. However I console
myself by the reflection that
once at Vancouver you will
hear of our welfare, from
who has had plenty letters &
also telegram from Butte
I shall telegraph to Banff
tomorrow I think so as to
be sure that on yr. return

you have good news of
us before another departure
into the wilds -

Today was again
sunny & beautiful - I went
to church in the morning
& in the P. M. to Mr. Higgins
open air service, very largely
attended, & very pleasant.

Last night all the upper
town assembled at the ^{Assembly}
house & we had a very
pleasant evening, refreshed
by ice-cream & cake.

Fleet was lamenting
your absence here, & praying
you greatly - saying that
all the men that passed
through your hands learned
to love & appreciate their
work, & that that was worth
endless distinctions as a
specialist - In which I
quite agree with him a
successful teacher as you
are & have been is making
more lasting mark for good

in his day & generation, that money was his
achievement - that is one of the corollaries
that ought to outweigh such remuneration
& a good deal of money. I have thought much
of late years of what to put it over that I
did not help give order with the situation
in a social way. I had hoped to do better
this winter - but now I am again with a
social - I not likely to do all this over &
clearly over all till spring. I then again in
perhaps - is worse out. With every year
thing has to be done with effort & in the
of difficulties, but these are two numbers
I will remain especially full of unpleasant
works - much I was equal to thinking
articles as well as simple matters - but
I am sorry always in the rain - but I see as
fairly failed in the very things I thought in my

live & in the hope of my mission -
