Dearest-Love,

You w^d think
I w^d have plenty of time
here to scribble but I do not
find it so - I have been
trying very hard to get the
children into a bit better
order, & really see some
improvement - Cleve has
been grander itself - no
child but have been better
& the little ones are sitting
down with Kossie -
Cora too has been grand
according to his nature
I expect - Eric tonight
I am getting tired of getting
up for parties - Mother says

her maids Friley -
No news of your
movements - Kate seems
to me a little better -
her finger certainly so -
& she greatly enjoys
venturing & does not seem
the worse - wh. is sur-
prising - Clear summer
capitally - I am glad
had energy to get those
lessons for her -

Much love

Weather beautiful
gardens a creek behind
house -

Lovingly Anne
