Dearest Bernard,

I received your note this morning, & am glad that you had accomplished the first & stage safely. I fear the sailing must have been trying the paper reports such blocking weather - I hear Prof. C. it must have been bad for him.

Since you left a receipt for the 200 dollar dollars - you had a trust for the college has come also a letter from the auctioneer saying his charges did not include printing - so if any further bill comes from the Librarian for advertising, I suppose I had better pay it. A Hamilton promised to send up the coal today which I hope he will do.

Weather here is still fine, threatened rain passed off, & now I fancy a dry time is likely. Mother & I were down at the old house yesterday, it is so hard to see business in that stage, and lots of traps still to be disposed of - & the government have been in inspecting & measuring & seem to take of class rooms that seems to me stupid when the place is so good

for board rooms & all the many  
 offices now needed - however  
 of course that is not our affair.  
 Eric has got gn. bank  
 book which stands thus -

ap 4. ch	39.03		3870.38
" "	9.90		
5 "	25.00		
6 "	9.44		
9 "	200.00		
" "	<u>1048.33</u>		1326.70
			<u>2543.68</u>

From which I conclude that  
 Laura has <sup>not</sup> drawn <sup>it</sup> 1000 <sup>or</sup> ~~that~~  
 the second 1000 & that when she  
 dies - there will be \$543.68 as  
 available capital, I have  
 heard nothing from Toronto,  
 & did I understand that  
 I was to pay papa the rent  
 for July when it is received  
 also to replace at least some  
 of the childrens money -

I hope to get most of the  
 winter things sent away this  
 week, which will be a comfort  
 & next week to attack the  
 mattress business. I get that  
 off my mind - then a few  
 look over garments in general  
 I have heard from Kate McCallister

who seems quite inclined to go to Paris  
cook - & if I can arrange that, I perhaps  
I may stay as I shall really be most  
particulate - & really - France has been  
to eat, I guess in two weeks -

I am to have the Victoria & Anna for a few days  
& may well take the Anna & John -  
Richardson is to work for the warrent, but no  
of well, my horse there in Paris in the old  
rooms - I shall perhaps the class & people  
if I apply with John here - Richardson  
myself not - I shall try & write a line to you

Dinner fully & later a - I don't see that  
our well going to Paris & write -  
writing much but  
Anna
