

Joseph Wood Farmer

Sept - 12th / 94

Dearest Bernard,

you will no doubt
have heard all about us from
our late visitors. We are not less
proud sorry about the smoke -
yesterday & today have been perfect
days. Eric & I walked up to the
great pine tree, & took its photo,
& caught - Mr Caswell on his hom-
eward way, & drove back - we found
it such a charming spot - that
after dinner ^{today} we took advantage
of the buggy prepared for the bus-
& drove up about half past 2.
& settled ourselves there for the
afternoon. Eric took our photo looking
down the valley - & we sat against
the roots of the beautiful old tree
& enjoyed the delicious pine cones
& the many berries in its leaves.
Eric had his milk & some of Mrs
Kedpath's grapes as refreshment.
& we walked home, by the way
there is nothing he has enjoyed so
much as this. Do say so if you
have the opportunity.

Thursday -

I cannot write further you
may think how I long to hear of
you all.

Loveingly
