morning seems inclined to
turn into a fine noon, so I
trust - the weather will not
seriously break at this time

Mrs K - went off, received from
I am sorry she saw so little
of the country, but - I do not
well go with her & she seemed
so unfeignedly nervous as to
strange horses, that I did not
urge it - very strongly - I have
a vague impression that I
put some money into the
pocket - of my hand bag
hanging up at the end of the
back shelf - I wish you wd
look & let me know for I
am confused about - the various
cents I had & have - It was

\$10.00 I gave you for the music
was it not? I still incline
to have the girls take drawing
till N. was in any case, it
is the most-difficult-part of
the year to provide for. I saw
Miss P. intends to let them go
on as rapidly as they can &
rather test the results of the
two years careful drill.

I only wish Clare cd go on
with her riding that ought
be excellent for her, but she
must not potter about the
house any afternoon.

I asked Eva to get me a
few yards of cloth to match
with Clare's jacket - she can tell
the price exactly. & it w^d be
best to pay her here w^d it
not, it will not be more than
2 or 3 dollars. I hope Sybil
will go to you for a day, if
not - perhaps you will see
her en route but do not
risk anything for your health.
Be sure you get more of the
H-Raphael - for I believe it will

do you read - I am also going to the hall.
I have some regulars there. You can get a
little money & get some tea. You can get a
few more please. My eye is improving, I also
I can see better because as having my
eyes as well as now - for I like the
subject - for him? if he puts on well, it will seem
this objectionable if he knows he has had a
through training, & you see just it - as if it were a
kind of introduction, while it is not nearly
an gratification. I only suggest this.

You will remember about the
Bible being after, & the children had better
not worry at it - as they will not be
the work of papers are very cheap & as
the & the first show a - some might be got
and to give them papers for the instead of rain

another on her part - a large marketing in China
a parcel of apples \$2.75 - last Friday, I had no
money to give her - I tho' think if you can
another 10 or 15:00 at the price of the month
I agreed up at - the what if we go to a country
I also told her \$5 - I am not sure her when
money to have on hand for her - I felt as
best telephone for the way for as long
takes, as we see books as well like need.
I am trying to find what - because of
Mater's mission I have long time - about two
he returned not to know what - days he
out - to the grounds for some, I will take
money when he brings his not return there
must be noted, days I do think it will be
month while finding out - ~~the~~
I shall soon have another pass &
Stocking for her, I shall need her then as you
