ughters reached you
night - in safety - they left
this morning in light
spirits - Mrs. Wolcott has
relly conveying them down
in her open carriage, & as
William, Aunt Mary
her Anneses, & Florence were
there, they had a grand send
off - your letter came
about - had on board
after they left, but as the
blanket is a serious
consideration, I shall send
it - with other odd goods
probably in a valise with

Mrs Boney, or the 4 coats
I have seen no trace of
Mullie's keys, nor has Mullie
& the nursery has been
carefully cleaned, has she
any idea where she left
them - The spectacles I shall
get - & send as soon as
possible. I hope Bridget
is doing well, & is not dis-
contented, let her get out
as much as possible.

Dr B - has been here
each day - & today he ex-
amined Cor. giving es-
pecial attention to the
R. Lung - he said he consid-
ered Cor. distinctly im-
proved, & talked with
tolerable assurance of
letting him go down pos-
sibly the end of next week.
I have not talked to him
about it - seriously or about
that is out of Cor's hearing, for

if - does not seem very well, & he has
time to see how soon you do = What time
he thinks of the future, he undoubtedly intends
to sit - con. go down, unless he does not
continue to improve - but - may think I
shall ask him especially his opinion
I suggest - Peily being his agent, I may
write me all his views & hints & that we also
like their definite views as to his views
course for him, & if he goes yet - exact
instructions as to what he is, as is not
to do - on the whole the power being
of the long collection looks better, his
is better, & he can satisfy better, his
present necessities further for better, he has
missed all the fishing - & I think
him a deal on the whole every day of the
can work out - of the number of his

that much more sheepfold!

I am sorry you have not begun
the swing, though I am not surprised
that you are not - I heartily
thought - you intended to get the walls
up & down it - these if there were any
hills the - you is down it - no - but
have answered & intended near by &
also keep to - the way of myself &
am really shocked at the places you have
total me about - his behaviour last
morning, & have myself answered so much
society that is better, & myself - I have
no doubt - it will pass by itself - I have
the less he is not - of your regret - the
he is distinctly not - to the world - he
to delight in occasions - he seems
with his mother - he is not
nothing - I am with myself - he has not
