

Little Nellie

June 10/99

Dearest W -

I do not know  
whether a mail goes out  
tonight or not, if not em-  
itted tonight - it will be  
tomorrow. I suppose

The weather is beautiful  
sun-shining, & cool, crisp  
air - Dad's paper had an  
attack this afternoon but  
has recovered quickly & al-  
ready I see a change for  
the better in his face, it is  
almost a surprise that  
he is so hungry for his  
dinner seems to often to  
disagree with him

The plants are doing  
well we all went to church  
this a.m. - but cook & Puffin  
Our plan is to stay on another  
year he gave us a very

good sermon but his <sup>voice</sup>  
has not improved - We  
have not heard a word  
from any of you since we  
left.

Please ask Kate if she  
can find one of Hoffmeyer's <sup>miss</sup>  
flannel night-gowns, <sup>(blue)</sup>  
only one seems to have come  
down, also Luis's waist  
drawers - which she has  
to alter - I want all the  
pocket-handkerchiefs with  
washing I picked up  
several about the house  
when packing up - I wd.  
also like half a doz. calling  
cards for strangers they  
are in my desk right off-  
hand - I wd like to know  
Mrs M's intentions as soon  
as may be - did I tell you  
she suggested bringing  
one of her maids for cleaning  
& to help with the work-  
it - night - not to be a bad  
thing - I'd put the little  
trickster into Nellie's room

It wd also quite well for you & wd make  
the work easy - the gift is a reward.

It is unconscionable how soon & often  
have improved - & no one is any trouble  
nearly & just like always being away  
with the disturbance of neighbors - I  
think I wd like to spend & wonder  
here - not - peace - not - ones, business &  
business - I am just beginning to feel  
good now, that all the world is moving  
on, & will be putting us down & up  
again & again & like before all with us  
begin - you will be con & with us what  
the sa shall at home - It is so great  
here - you here are so loving so many  
others - I while travel from now  
when I also hope the roads go on all right  
It - is a very good con, so much of the work

and please - by mutual consent - pay to  
assist in the Latin book to be used.  
I want - him to bring me whatever  
will -

Wishes too - Jeffrey & Verel  
affectionately  
Anna

So magnificas the thoughts - & they  
are not yet - very hard -
