

Dear Mr B

How I thank
you for your letter - I am glad
your vapour & apparatus
was appreciated & alas! for
the headaches! you do have
a hard fight, & every little
night - he pleases we married by
these neuralgias.

I am sorry if there is any
trouble about - Mrs. M. & Helen
I sh^d think Dr. M. - w^old be the
best person to suggest it, & we
w^old so willingly have her, but
it - w^old be unpleasant to find it
distasteful to others.

She must decide herself &
then we must do our part
also I think you sh^d defini-
tely refer to her room at 295

I am willing to prepare
if she wishes - for many
thoughts must now be in
her mind - she may feel as
unwilling to receive her as
an invalid & I again she may
feel more like clinging to her
relations now they have pro-
ved themselves so kind.

I intended to write
more - am so glad all our
travels to go well, & especially
that Mother has improved
& Clare not overdone

Much love

Anna
