Aug. 14th 1903

Dearest Bernard,

This is the last letter you will receive before Conrad sails, & I imagine you will be with him at L. Paul, or at least in England. I suppose we will not know whether Ca. is coming here or not till he arrives or does not - I do not even know the name of the ship which leaves on the 27th. but - suppose it is the Harisican. If Conrad does not get off here I hope he will telegraph from Kinnawicki also but I feel - urged me to let Conrad go direct to him if he stayed over at Montreal, & Conrad must telephone to him when he arrives or go to his office, & either accept the invitation, or explain. Aunt Mary was very much annoyed at his not going to her on his way down, & I had to write & make the best excuse I could for you. I did tell you about it & never doubted you wd. telephone

however - we wd not like to be
noted as discourteous - I appar-
ently Conrad does not realize
that these matters are essential
I wish Con. wd not play cards
on the ship, at least not in the
smoking room - I cannot get
reconciled to our boys smoking
I put it constantly to disgrace

We are earnestly hoping to see
the dear boy & get some letter

on wonderfully - has beaten every
one opposed to him, all the men

ers - Charley Greir beat Mr. Cronin

enjoy in the act of making faces - Bernard is quite
fascinated by him. They went out for a long
stroll & walk & brought back a full basket.
