

B. G. H. Bernard Jr.
on trip to U.S.A.

295-University St.
December 31/05

Dearest B—

The lad has had
a good night. & Clara was
in charge & saw to the
pauitices. I turned into her
bed (which is remarkably
comfortable). I had a quiet
night's sleep: she is lying
down now & Ruth who
was not-apt to going out in
any case, is in charge, then
leaves only Cor. & Sue for
church. I hope you &
B. S. will hear out of the
great-Am-preachers, some
of them are splendid, but
I am not-very well in-
formed about them.

I let everyone sleep on this
a. m. & it was 9 before
anyone got up - Will's temp
is down to normal for the
first time, he is most
lively & thoroughly enjoys
his position as invalid
he has had an egg & grape
fruit for breakfast, & is
to have plenty of fruit &
lemonade - which is wonderful
Mrs. Molson telephoned this
a. m. & several other people
also who seem much con-
cerned about the lad -

I will keep this tin
Braun corns, if I can
but it ought to go early to
catch the night train.

I hope you will have
a good time, I am sure
you will, & it is delight
ful to see how B.S. is
waking up - If he can see

as he helped to see, that all things
lie in effort, whatever the de-
rection, it will be valuable to him
He looks different - already - I wish
he could look as our great-Deity
as - Boston he can do that - & do
make him completely regard the
products here, & the way Paris
& the celebrated success of the
electricity, & other, however, there it
they are very useful - by you get
him a catalogue & have him look it
over beforehand! & do see the whole
state there - I do not see it - least
but - it is full of curious relics, I believe
& they will cause the Parisian population
the marvels of writing, good - judging our
who, make the great quantity of letters

well - If I must go - I will take it
very quietly & well - else I can't be as
fresh as appearing by the time you re-
turn.

Will love

Anna

I have kept that memory of Kenning

for me. I want to read again the

article on Success - Shift - Perhaps it's
in the Self Educator. I am not sure

of it. - Things will pass on well

but - just to say where it is - I am
wonderful with you. - I to have a copy
of your volume & a. 88.
