Dr Harrington
Dear Sir

I forgot
to mention to you (the
other day) while you
were in the office
that I have two boxes
of minerals that I
should like very much
to dispose of most
of them C. Specimens.
Do you know of any
person who would
be likely to want
them - I will sell
them very cheap -

There are a number
of stones in the collection
out of polished - if former
belonged to my brother C.

If you will kindly bear
them in mind you
will confer a favor
on Yours respectfully

A. B. Hartley
