

Carter. Main Building.

20th May - 76

My dear Dr. Harrington.

I rec^d your note of 10th

last eve^g. - I see no objection to
your taking leave at the time
you mention. I shall probably be
returning about that time.

I send you with this the Catalogue
of the Bot. Ad. Bot. specimens, given
me by M^r Hager. It will probably
be well to notice some of them
in the Catalogue. I am just getting a
frame made on which to exhibit our
maps and photographs, and will be

The pyramid is in place and Cook well
I was obliged to dispense with the second
step. - Make the base off square. - It
attracts a great deal of attention.

I will be very glad for you to do
some field work during the summer
we can talk about it when we
both return to Montreal

glad to get Andersons map and the
Colored one from Burland as soon
as possible. - If Mr. Tenor could color
one of his maps for exhibition, I think
it would be well to shew it.

Mr. Richardson will perhaps return to
Montreal for a few days next week.
and I shall wait till he comes back
as there is still a great deal to look
after -

In haste. Very sincerely
Yours.

Alfred R. Selwyn:

Need not say you have my best & warmest
good wishes in your approaching happiness.

A. R. C. Selwyn
