My dear Sir,

This morning
your letter enclosing five dollars
was received.

I am very much pleased with the
specimens of Dawsonite you so
kindly sent, and am much obliged
to you for the same - it is one
of the minerals I have written to
a great many persons for, and have
long wished to add to my collection.

Thanking you again for
your kindness I am

Respectfully Yours
H. A. Roebbing.
