Possibly you have thought I have forgotten your letter of March 26th relative to the granite industries of N. Brunswick. But it is only today that I have received the first instalment of the information you ask for -

to the Survey of Charlotte Co.
see my reports of two years ago
now being published at Montreal
— send the ~~enclosed~~ information
about his own factory —

I have written to Mr
Ward the Secretary of the
Company whose head quarters
are at St George, but have
not yet received a reply —
Supposing he may be away I
have since written to the A.
Collector of Customs at that
port, who I hope will interest
himself to get the information
you desire.

I remain

Yours truly
