

Montreal October 31st 78

Dear Dr. Harrington

I had confidently counted upon having the pleasure of presenting the enclosed in person today; but was almost wholly occupied with engagements with legal gentlemen. I am now on the point of leaving for Y. - having matters so arranged that the final settlement is only deferred a few days longer, which is an immense

relief.

I have to thank you most sincerely for the great service you have done me in so prominently mentioning my name in yr. lecture.

I owe the same thanks equally to Dr. Dawson.

Mr. Hushaw has not ceased to call attention to this for the last two days, and I find with your endorsement I take rank I did not before dream of. I know as a fact that Messrs G. N. & Co are also pleased

I can only hope in the
new operations we are about
to inaugurate, we may
be reasonably successful,
and as I know you will
watch these with interest
I will not fail to advise
you when anything of
moment occurs.

As soon as I can get
myself and work a trifle
together, I will not fail
to make up a few fresh

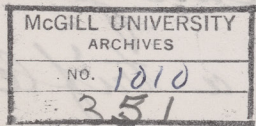

Specimens and send you.

And with many thanks
and very best wishes

I remain Dear Dr. K

Yours sincerely

Saml. Miller
