

Montreal 18th Nov 1878

My dear D. Williamson

Pains of 15th just received.
Accept my grateful thanks for all
the trouble you are taking for
me. I will try to make good use
of the specimens, which I fear
is the only return I can make
you.

I feel really loath to accept
the books, as I am sure it will
spoil your set. Is it possible
that Dr. Dawson may have
a spare copy of the particular
papers, with the illustrations. I
nearly asked him the other
day when he was in our office,
but my courage failed me —

I noticed by the news-
paper, the addition to your
family — May you have your

quines full of them, is an old
Cocostern wish; & it seems to me
that Mrs. Huntington & yourself
are just the people who should be
parents, that the next generation
should be mentally & morally
an improvement on the present.
I trust Mrs. Huntington is doing
well, & that soon she will be
restored to her usual health
& strength -

Believe me to remain

Very gratefully yours

W. C. C. C.
