Dear Harrington:—

We intend to start
June 30th for St. Otaïe wh'ch place
I think we shall reach on the
evening of the following day —
we have ordered tickets today by
way of Quebec and do not go
through Montreal. This is the cheapest
route and suits best the rest of
party — from beside me — I have
had a lingering hope that you
would go with us or go after
me so that I should fall in
with you, but as I hear nothing
further from you my hope
begins to wane — I can not predict
with certainty that we shall reach
Jubilate mountains — I think we
shall however —
Yours Truly
