Dear Sir:

Herewith you have proof sheet of the Biographical sketch of *yourself*, which is to appear in the above-named work. Please examine it carefully, correcting any errors which may exist in dates or spelling of proper names. As you approved the manuscript, any changes other than rectifying mistakes, will incur additional expense.

We hold the form six days, when, if the proof is not returned, we print as it is, with the exception of typographical errors.

The Quebec & Maritime Provinces volume of the “Canadian Biographical Dictionary and Portrait Gallery” is now in press, and will shortly be issued. An examination of the advance sheets fully justifies the expectations created by our laborious preparations, and we feel assured of satisfying our subscribers with a very valuable and interesting book for either private or public libraries. The chief value of the work depends upon its accuracy, to insure which we make every possible effort, including the precaution of submitting both the manuscript and a proof to some person competent to judge of the correctness of the facts and details, before publishing the sketches of those honored with enrolment upon the pages of this Canadian Encyclopædia. The present work will be complete in one elegant Royal Quarto volume, profusely illustrated with Steel-engraved Portraits, full gilt, and richly bound in Morocco. An edition will also be published in pamphlet form, or “parts,” for the convenience of those requiring large numbers of a certain “part” containing any particular sketch or engraving. They are suitable and very appropriate for distribution among friends and relatives, and if you wish some, you may sign enclosed order for any number desired, and return with the proof.

Yours faithfully,
