

Dear Mr. ...
I have received your letter of the 19th and am glad to hear from you. I am well at present and hope these few lines will find you the same. I have not much news to write at present.

I have not much news to write at present. I am well and hope these few lines will find you the same. I have not much news to write at present. I am well and hope these few lines will find you the same.

METALLURGICAL DEPARTMENT,
SCHOOL OF MINES,
COLUMBIA COLLEGE,
COR. 49TH STREET AND 4TH AVENUE.

New York, Aug. 19th 1881.

Prof. B. J. Harrington,
Dear Sir:—

I have your letter of Aug. 9th and was extremely pained to hear of young Mr. Redpath's death, which was very unexpected to me, as when I saw him last he appeared to be in the very best of health.

I have a box at the School of Mines which I have not yet opened, containing, I hope, some specimens of the Tuscany Dawsonite. I shall try to unpack it in the course of a week or ten days.

As the person who described Dawsonite is an intimate friend of mine I will try to get you a copy of the article. I hope to send you some papers in the course of a week or two.

With kind regards to Mrs. Harrington, I am,

Yours Very Sincerely,

W. G. Loomis
