Dear Sir,

From your note of  
yesterday I conclude that  
what you desire is simply  
a determination of silver in one  
sample of ore, and of gold in  
another — not complete analyses.  
These determinations I could  
make next week. My fee  
would be \$8.00 for the two  
assays.

Believe me

Yours sincerely

Thos. B. Brown Esq. W. J. Harrington.
