

Kestroke

March 3/83

My dear Sir

I have been offered a position on a railway in connection with some coal mines and wish to obtain all the knowledge I can with regard to coal and coal mines.

I will probably have
six weeks at my
disposal and would
like to study with
you, kindly let me
know so soon as possible
what arrangements you
could or would make,
trusting your answer
will be favourable
Believe me

6. Harrington
Montreal
Que
Yours very truly
