My dear Harrington

I send you today a good sample
 of the "Gold ore" from along the Williams place
 2 miles south of Cape Wolf - It is certainly
 interesting & say the least that Gold is forming
 in the bed. This sample is 2 miles south of
 the sample assigned here. Will you say to
 the men. If your men can put it
 through and you will be kind enough
 to send me the result I will much
 oblige you.

Very truly
 R. Selwyn
