Dear Mr. Adams

Your letter of the 10th inst. has just
arrived. I should like to examine
the fossils in detail as far as possible
but on account of the season it is
impossible to do so. I will
try to have the material
sent to you as soon as possible
and will be obliged if you will
let me know when the specimens will

Ottawa, March 12th, 1884.

Dear G. Harrington -

Your welcome letter has just arrived. I should like the examination put off as late as possible in April so that I may go up for the examinations and if successful stay over for the convocation, making one visit to Montreal do for both, and staying away from Ottawa as short a time as possible.

I should be much obliged if you would let me know when the examinations will

be held and also the day of invocation
as I shall then be able to write my
application for leave of absence -

Yours very truly -

Frank Adams.
